REMARKS/ARGUMENTS

The above amendment and the following remarks are in reply to the non-final Office action of 01/26/2007. In light of this reply, reconsideration and further examination of this application are respectfully requested.

Eight claims were pending in this application. In the above amendment, one claim (1) was amended, one claim (4) was cancelled, and none was added. Accordingly, 7 claims (1-3 and 5-8) remain pending in this application.

In section 1 of the Office action, the Examiner objected to claim 1 because of an informality at line 3 and suggested changing "an insulating substrate" to "the insulating substrate." Responsively, in the above amendment, claim 1 was amended as suggested to overcome this objection.

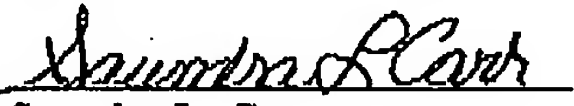

In section 3, the Examiner rejected claims 1-2 and 5-8 under 35 U.S.C. 102(b) as being anticipated by Kim et al (US. 5,517,342).

In section 4, the Examiner objected to claims 3 and 4 as being dependent upon a rejected base claim, but indicated that they would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Responsive to the foregoing, Applicant has cancelled allowable claim 4 and imported its limitations into independent claim 1, thereby rendering claim 1, as well as the remaining claims dependent from it, allowable over the art of record.

In light of the above remarks, it is respectfully submitted that claims (1-3 and 5-8) are now allowable over the art of record. Applicant therefore respectfully requests that a timely Notice of Allowance be issued in this case.
